Dear Friend,

Thank you for choosing me as your general dentist. I will personally do everything possible to deserve your trust. I see this as the beginning to a great relationship.

It is important that you know I treat each patient one at a time to give the utmost attention and care, giving time to listen to your concerns and make an accurate diagnosis to your problem. I also look forward to partnering with you to achieve and maintain a beautiful healthy smile.

I do realize that dental emergencies can be stressful when they happen to you or someone you love. To help alleviate some of your concern, I promise to respond to your telephone calls promptly.

In today's busy world I understand the frustration to sit in a waiting room past the time of your appointment. My staff and I are dedicated to do our best to get you started on time for your scheduled appointment.

As your dentist, I realize it is my responsibility to keep up with the latest developments in cosmetic and restorative dentistry. That is why I take continuing education courses and retain active membership in several professional dental organizations.

But even more important than all of my training and experience, is the 100 plus years experience that my staff and I have collectively in the field of dentistry. I am very proud of our dental team and the many years we have been together helping our patients feel comfortable and cared for in our office.

So why do I do these things? The answer is simple. I want to build a lasting relationship with you. It is my goal that when you come to see me you'll feel really good about every aspect of your experience and happy that you chose me for your dental care.

Sincerely,

DawnMarie DiGrazia, D.M.D
